

## 60m PLATFORM SUPPLY VESSEL

To facilitate fast and efficient transportation of cargo and crew to offshore oil and gas platforms, VEKA presents a 60 meters Platform Supply Vessel to support the offshore industry.

The 60m Platform Supply Vessel is specifically designed to supply offshore oil platforms with crew and cargos such as fluids, dry and pipes and materials for drilling and pipe-laying activities.

The spacious accommodation is divided between a crew- and passenger deck, and can house up to 22 crew and 25 passengers. The flat cargo deck can be used to store cargo or hold additional portable accommodation units if required.
