

## INLAND DRY CARGO VESSEL 110m x 11,45m

With our roots in Werkendam, VEKA is located at the center of developments in the modern inland shipping market. Since 1988 we have gained extensive knowledge in the development and construction of a wide range of inland cargo- and containerships, providing appropriate solutions for your specific transport demands.

Since VEKA controls the entire building process, we can offer a central point of contact to our clients.

The 110 x 11,45 meter dry cargo vessel is a true all-round carrier. With its 11,45 meter beam, the vessel is designed to navigate on side rivers as the Moselle and the Main – Danube. It can be outfitted to carry a wide range of products, from dry cargos, containers to bulk goods.
