

## INLAND DRY CARGO VESSEL 135m x 11,45m

With our roots in Werkendam, VEKA is located at the center of developments in the modern inland shipping market. Since 1988 we have gained extensive knowledge in the development and construction of a wide range of inland (multipurpose) cargo- and containerships, providing appropriate solutions for your specific transport demands.

Since VEKA controls the entire building process, we can offer a central point of contact to our clients.

The 135 x 11,45 meter dry cargo vessel has the maximum possible dimensions for navigation on side rivers as the Moselle and the Main – Danube. Therefore, it is the perfect vessel to carry large cargos of wide range of products, from dry cargos, containers to bulk goods, to destinations all along the European waterways.
