

INLAND TANKER 135m x 11,45m

With our roots in Werkendam, VEKA is located at the center of developments in the modern inland shipping market. Since 1988 we have gained extensive knowledge in the development and construction of a wide range of inland tankers.

Also, with VEKA Piping and Industry we are now leading in the production of complete piping systems for bunker and chemical inland tankers.

The 135 x 11,45 meter Inland Tanker is a true Rhine carrier. It has the maximum dimensions to for a single vessel to pass the major locks in the Rhine and side rivers, and can be equipped to carry a wide range of products.

A-12
